FOSTER CARE & ADOPTION

Forever Family

Gia Tutalo-Mote
gia.foreverfamily@gmail.com

Forever Family
954-303-5802

Weekly segments on the NBC-6 local news feature Broward children in need of a permanent, caring home. On occasion, Forever Family will highlight related issues, such as foster parent recruitment, Guardian ad Litem recruitment, and foster/relative care youth transitioning to independent living.

Heart Gallery of Broward

Yvette DuBose
yvette@heartgalleryofbroward.org
954-918-3008

A traveling exhibit of professional portraits and biographies of children available

for adoption. The photographic and kiosk-based gallery is displayed in many public places, such as shopping centers and libraries that can reach hundreds of prospective parents.

EARLY CHILDHOOD PROGRAMS

Children thrive and parents rest easy when children participate in programs that enhance their ability to learn and socially engage and fees are affordable.

Early Literacy Interventions

Reading & Math, Inc.
786-347-3667

Reading & Math, Inc., through a partnership with Broward County Public Schools, is implementing the Reading Corps program in Broward County. Florida Reading Corps tutors serve children in PreK classrooms in underperforming schools with targeted early literacy interventions. Reading Corps screens all students at designated schools to identify children who are behind on early literacy skills, and develop individualized tutoring plans to meet each child's needs.

Financially Assisted Child Care Services

Early Learning Coalition of Broward County
954-377-2188

This program provides subsidized child care for low-income families residing in Broward County based on income eligibility. The intent of this program is to prevent child abuse and neglect; assist families in becoming or remaining economically self-sufficient; and prepare preschool-aged children to enter school ready to learn.

Positive Behavioral Interventions and Supports

Family Central
954-720-1000

This initiative strengthens current Early Care and Education programming in an effort to meet the comprehensive needs of child care programs, teachers, and families. The program uses a cadre of Quality Coaches who provide training and quality improvement support to participating child care providers. Some activities include providing training and technical assistance using the Positive Behavioral Interventions and

Supports (PBIS) approach specific to preschool inclusion, family involvement, cultural sensitivity, and developmentally appropriate curricula.

Vulnerable Populations Financially Assisted Child Care

Early Learning Coalition of Broward County

Fikisha Harris
Fharris@elcbroward.org
954-377-2188 ext. 2110

This program offers subsidized quality child care slots for children from birth to 5 living in exceptionally vulnerable families in Broward. Eligible families receive child care quickly to prevent further breakdown of what may already be difficult family situations, to help families becoming or remaining economically self-sufficient, and to prepare preschool aged children for success in school.

THE CAMPAIGN FOR GRADE-LEVEL READING

Children's Services Council of Broward County

Sandra Bernard-Bastien
sbernard@cscbroward.org
954-377-1000

The CSC is the lead organization in Broward for the Campaign for Grade-Level Reading (CGLR). CGLR is a collaborative effort by foundations, nonprofit partners, business leaders, government agencies and communities to ensure that more children succeed in school and graduate prepared for life - college, a career, and active citizenship. This initiative focuses on ensuring children read at grade-level by the end of third grade. Research demonstrates that

proficiency in reading by the end of third grade enables students to shift from "Learning to Read to Reading to Learn." Schools cannot do this alone; engaged communities are needed to remove barriers, expand opportunities, and assist parents in fulfilling their roles and responsibilities in the success of their children.

KIDVISION/WPBT

WPBT Channel 2

Frances Hernandez
Frances_Hernandez@wpbt.org
305-424-4180

With WPBT's KidVision VPK, teachers watch, learn, play and integrate the Florida Voluntary Prekindergarten (VPK) Education Standards through entertaining and educational virtual field trips that appeal to both adults and children. Teachers learn the standards and then use the web-based field trips to add another dimension to their classroom curriculum. Also provided are lesson plans and student assessment forms.

The program's goal is that adults will be knowledgeable about what children need to be learning to prepare them for kindergarten and life. KidVision is fun, free and provides a reason to celebrate learning and growing together!

AFTERSCHOOL & SUMMER PROGRAMS

These year-round and summer programs provide a safe, positive environment for elementary school children from economically-disadvantaged areas in Broward County, for children and youth ages 3-22 with behavioral health and other special needs. High-quality and enriching activities expose children to art and culture, music, science and community service while boosting academic achievement, supporting social and physical development, and strengthening children's relationships with adults and peers within their families, schools and communities. A sliding fee scale is used to determine program fees.

The Advocacy Network on Disabilities

305-596-1160
The Advocacy Network on Disabilities provides two experienced Inclusion Specialists to work collaboratively with staff from our MOST sites to increase their capacity to create positive, nurturing, and developmentally appropriate programs that welcome all children. Project activities begin with the provision of the training, An Administrator's Overview of the Americans with Disabilities Act. Then, the Inclusion Specialist meets with the executive staff to help the organization identify where it is on the pathway to inclusion.

TEEN PROGRAMS

Youth that participate in engaging, non-punitive programs are more likely to have positive outcomes. Positive youth development can instill belief in a positive future and help mitigate negative influences.

■ YOUTH FORCE

Youth FORCE programs provide middle school students with year-round out-of-school-time services that include: case management, cultural enrichment activities, counseling, employability skills training, academic services and supports, pregnancy and drug prevention education, and community service learning activities. Additional program components may include mentoring, employability skills training, health and fitness activities, life skills instruction and violence prevention.

Hanley Foundation

The Hanley Center Foundation serves both middle school and high school youth by implementing the evidence-based Alcohol Literacy Challenge and SPORT Marijuana Awareness programs, as well as providing Youth Summit, serving middle and high school age youth during the school year. The provider uses evidence-based Active Parenting Program to provide instruction to parents/caregivers in various local communities using a “Train the Communities” approach. It is anticipated that the cumulative effect of these initiatives will achieve the following:

- Reduce underage drinking among Broward County youth;
- Reduce the increasing prevalence of Broward County youth reporting marijuana use; and
- Build community capacity to promote behavioral health wellness.

The goal of the Hanley Center is to provide a comprehensive approach to reducing underage drinking and marijuana use in Broward County while promoting positive youth development and effective parenting.

The Earned Income Tax Credit (EITC) is a federal anti-poverty program that provides financial assistance for working families. In 2002, the Children's Services Council began promoting EITC through a county-wide public awareness campaign. Since then, over \$500 million have been returned to Broward residents. The majority of EITC recipients file their returns at various, dedicated, on ground Volunteer Income Tax Assistance (VITA) sites, and a mobile team that serves Broward residents. These sites provide free tax preparation and financial literacy information for families with low incomes. Additionally, volunteer opportunities exist for those who wish to become IRS-certified volunteer tax preparers.

- A minimum of six, and a maximum of 10, water safety lessons to participating children.
- A minimum of 25-30 minutes of water safety instruction per class with a maximum of 10 children per instructor.
- Water SMART Broward drowning prevention material, which includes water safety facts, data, and available resources. Additional educational classes are also offered to every family to provide basic water safety and drowning prevention information.
- In addition, the CSC funds coupons for free to low cost instruction for Broward's children 6-months through 4-years-old and the parent/caregiver of any child who redeems a child coupon is eligible to receive an adult coupon for themselves.

DROWNING PREVENTION TASKFORCE

Florida Department of Health In Broward County

Cassie McGovern
Cassie.McGovern@flhealth.gov
954-467-4700, ext.5965

www.watersmartbroward.org

Drowning Prevention is a collaborative community effort

driven by the Drowning Prevention Task Force. In 2009, the Children's Services Council allocated funding to support a full-time coordinator housed at the Broward County Health Department who provides insight and accountability for the implementation of the Drowning Prevention Action Plan.

Task Force members create a culture throughout Broward County that infuses drowning prevention methodologies, practices, and messages throughout the community, directly impacting families with young children by:

- Coordinating and disseminating an evidence-based water safety public message: Water SMART Broward
- Hosting water safety public outreach events
- Advocating regarding local ordinances, and more.

CAPACITY BUILDING

The Children's Services Council is committed to collaboratively assisting emerging and community-based organizations that provide services for children and families to meet their full potential by offering professional and board development opportunities as well as funding through mini-grants and volunteer recruitment to positively impact their organizational capacity.

Capacity building mini grant

Children's Services Council of Broward County

Adamma DuCille
aducille@cscbroward.org
954-377-1000

Infrastructure building support is provided to local child and family serving nonprofit organizations through our annual Capacity Building Mini Grants. Through a competitive grant process, local organizations are awarded funding for capacity building projects and professional business coaching each year.

Agency Capacity Building Committee (ACB)

Children's Services Council of Broward County

Adamma DuCille
aducille@cscbroward.org
954-377-1000

The CSC provides a comprehensive array of capacity building resources to support and strengthen emerging and niche child and family serving nonprofits. Agency Capacity Building Committee (ACB) members benefit from; monthly newsletters, quarterly meetings, specialized training opportunities, networking activities, one-on-one consulting and guidance, access to the annual Capacity Building Boot Camp, and 24-hour access to a wealth of on-line resources.

HandsOn BROWARD

Dale Manell
dale@handsonbroward.org
954-233-1295

The Children's Services Council supports HandsOn Broward as a critical component in Broward's human services system of care and infrastructure. HandsOn Broward provides year-round volunteer recruitment that bridges individuals and groups to meaningful service opportunities at over 600 nonprofit organizations throughout our community.

It also provides signature youth leadership programs that empower youth to grow as leaders through service and civil engagement, and acts as a hub for high school students in need of completing community service hours. As a CSC agency capacity building partner, HandsOn supports nonprofit agencies in the search and recruitment of volunteers to enhance service provision.

In addition, HandsOn Broward supports the Campaign for Grade Level Reading and Broward: Read for the Record by serving as the volunteer hub for literacy tutors, mentors and coaches.

OTHER CSC-FUNDED COMMUNITY INITIATIVES

How CSC Funds – Funding from CSC is typically offered through our competitive procurement process. A County-wide assessment determines community needs in children’s services. Based on these needs and public hearings, the Council establishes annual goals and a budget for the upcoming fiscal year. The goals and budget determine the need for procurement(s) to identify providers able to meet the local service needs. For more information on procurement and how CSC funds go to cscbroward.org

2-1-1 BROWARD

GENERAL HOTLINE

2-1-1 Broward, an information & referral line, provides a 24-hour, comprehensive help line and support service for individuals seeking crisis intervention assistance and/or information and referrals to health and human services in Broward County. An impressive database of information is used to provide community callers with current, relevant information regarding a wide variety of services within the community. All calls are toll-free, confidential and anonymous from anywhere in Broward County.

SPECIAL NEEDS and BEHAVIORAL HEALTH HOTLINE

Dial 2-1-1 or 954-537-0211

www.211-broward.org

The 2-1-1 Hotline is Broward’s single source for information and referrals for children with behavioral health needs and disabilities. The hotline’s specialized staff focuses on helping parents, caregivers, agencies, and medical practitioners who serve the needs of children, find programming, support and hope. A case management component is also available for families in need of assistance accessing and navigating the special needs and behavioral health system of care.
