Superintendent of Schools*

Dear Parents, Guardians and Families,

Welcome to Broward County Public Schools (BCPS), an A-rated school system! We are thrilled to partner with you in your child's education and are committed to providing world-class learning opportunities within safe, supportive and engaging environments.

This guide is designed to be a valuable resource for helping you navigate our District and explore the many opportunities available to help your child to reach their highest potential.

From pre-K through 12th grade, BCPS offers rigorous educational programs tailored to meet the unique needs of every student. In 2026, we were named Cambridge District of the Year for large school districts, recognizing our commitment to expanding access to rigorous Cambridge Advanced International Certificate of Education (AICE) programs.

We are also proud of our District's nationally recognized magnet programs, Advanced Placement (AP) courses, gifted and honors programs, career and technical education pathways, and dual enrollment partnerships with local colleges and universities. Together, these programs provide students with options that align with their interests and aspirations.

In addition to strong academics, our schools provide a rich, well-rounded educational experience. Every school integrates engaging computer science courses, curriculum and activities, preparing students for the digital age. We are also expanding the use of innovative technologies, including artificial intelligence, to support personalized learning and give teachers new tools to enhance instruction.

We proudly offer the nation's largest debate and JROTC programs to foster critical thinking and leadership skills. Our award-winning arts and athletic programs provide opportunities for creativity, collaboration and personal growth. Our high schools consistently earn national recognition from U.S. News & World Report, and our three technical colleges – among the largest in the state – underscore our commitment to lifelong learning.

As Superintendent, I am steadfast in my commitment to putting students first. My focus is on supporting innovative teaching strategies and enhancing learning initiatives that prepare our students for success in school and life. At the core of this work are our District's incredible educators, administrators, partners, volunteers and families – all dedicated to supporting student success.

We encourage you to experience our schools firsthand. To schedule a tour of any of our campuses, visit browardschools.com/choosebcps.

By engaging with businesses, civic organizations, and nonprofits, BCPS cultivates relationships that enrich student learning and enhance school culture. BCPS helps families minimize the impact of housing insecurity and transition on school-aged children through HEART, the Homeless Education Assistance Resource Team.

HEART works closely with students to ensure they have the tools they need to enroll, attend, and succeed in school regardless of housing status.

- Do you and your family have a permanent place to call home?
- Have you or someone you know with school-aged children had to move involuntarily?
- Are you staying with friends and relatives, or living in a motel or vehicle due to loss of housing and/or economic hardship?

If any of these situations apply to you, HEART can help your student maintain academic stability and access to their education, even in temporary settings. With HEART on their side, students dealing with housing instability can continue to thrive in school. For more information, visit browardschools.com/heart or call us at 754-321-1566.

b FOSTER CARE AND ADOPTION

Foster Care & Adoption services use broadcast media to help children and teens in foster care find permanent, loving homes. By sharing their stories on television throughout Broward County and across Florida, the program raises awareness and encourages community involvement.

In addition to media outreach, CSC Broward supports innovative programs that promote adoption and enrich the lives of foster children. These efforts focus on connecting youth with nurturing families and providing emotional and developmental support to help every child thrive in a safe, stable environment.

c INTENSIVE IN-HOME SERVICES

The HOMEBUILDERS® program is an intensive, evidence-based service designed to prevent children from being unnecessarily removed from their homes. It provides short-term, in-home support to families in crisis, teaching practical skills to improve family functioning and resolve issues that put children at risk.

Referrals to this program are made exclusively by the Broward Sheriff's Office Child Protective Investigations Section (BSO CPIS) for families with one or more children at immediate risk of out-of-home placement.

As part of a step-down approach, families who complete the HOMEBUILDERS® program and wish to continue receiving support may be referred to another CSC Broward Family Strengthening program for ongoing services.

Services are available to both kinship caregivers and children from birth through age 17, and up to age 21 for youth with special physical, developmental, or behavioral needs. Caregivers may be relatives or non-relatives who have a strong, trusted bond with the child.

EARLY CHILDHOOD PROGRAMS

Early Childhood Programs provide children with a strong foundation for lifelong learning and success. These high-quality, affordable programs support early learning, social development, and emotional well-being in safe and nurturing environments.

a

CHILDCARE SERVICES

This program provides affordable, high-quality childcare for low-income families living in Broward County, based on income eligibility. Its primary goals are to:

- Prevent child abuse and neglect
- Support families in becoming or remaining economically self-sufficient
- Prepare preschool-aged children to enter school ready to learn

Children from birth to age 5 in exceptionally vulnerable families receive quick access to subsidized childcare to help stabilize challenging family situations. By offering safe, nurturing environments for early learning, the program promotes healthy development and sets children on a path toward long-term success.

EARLY LITERACY INTERVENTIONS

These programs help young children build essential academic skills through targeted reading and math support while encouraging curiosity, confidence, and positive social interactions. As part of this effort, trained Florida Reading Corps tutors work in PreK classrooms at underperforming schools across Broward County. All students are screened to identify those who may be behind in early literacy. Tutors then develop individualized intervention plans to meet each child's specific needs, ensuring they receive the support necessary to succeed in school.

Teachers use KidVision to:

- Learn the VPK standards
- Integrate virtual field trips into classroom lessons
- Access ready-to-use lesson plans and student assessment tools

The goal is to ensure adults understand what children need to learn to be ready for kindergarten and beyond.

AFTERSCHOOL & SUMMER CAMPS FOR ELEMENTARY SCHOOL-AGE CHILDREN

These afterschool and summer programs provide a safe, positive environment for elementary school children from economically disadvantaged areas. A sliding fee scale is used to determine program fees.

a AFTERSCHOOL AND SUMMER CAMPS

Programs create welcoming environments where children of all abilities can learn, play, and grow together. These programs promote acceptance, diversity, and equal access to educational and recreational opportunities, ensuring every child feels valued and supported. For school-based programs, children must attend or reside in the attendance boundary of the school of choice. For summer camps and community sites, programs are open to children county-wide.

TEEN PROGRAMS

Those who participate in engaging, positive youth development programs are more likely to experience positive outcomes. These programs help young people build confidence, develop life skills, and believe in a hopeful future.

HEALTHY YOUTH a TRANSITIONS (HYT)

HYT provides county-wide life coaching and counseling services to help young people successfully transition into adulthood. Using the Transition to Independence Process (TIP) model, these CSC Broward-funded programs focus on building life skills, academic achievement, and employability.

In partnership with The Jim Moran Foundation, HYT supports:

- Youth aging out of formal or informal foster care.
- Youth involved in the juvenile justice system.
- High school-aged youth at high risk of not graduating or who are not in school or working.

HYT offers hands-on activities that address the social, emotional, and behavioral needs of youth, while connecting them to vital community resources. The goal is to empower young people to become healthy, independent adults.

e YOUTH ADVOCACY

CSC Broward funds Florida Youth SHINE, a youth-led advocacy program that amplifies the voices of Broward's children and families at the local, state, and national levels. In partnership with government committees and legislative sessions, the program works to influence policies that impact youth and families.

Florida Youth SHINE supports youth advocates from Broward County—especially those who have experienced foster care, juvenile justice involvement, or disconnection from traditional systems. The Broward chapter provides these youth with advocacy training, leadership development, and a supervised trip to the Florida Capitol in Tallahassee to engage directly with lawmakers.

This initiative empowers young people to become informed advocates and helps advance a children's policy agenda statewide and nationally.

MENTAL HEALTH SERVICES

Mental health encompasses emotional, psychological, and social well-being. It affects how we think, feel, and act, and influences how we handle stress, relate to others, and make choices.

a HEALING AND EMPOWERING ALL LIVING WITH TRAUMA (HEAL)

HEAL provides trauma-informed services to underserved and disenfranchised populations in Northeast, Central East, and Southeast Broward County.

Programs use the Community Mental Health Worker (CMHW) model to engage and empower communities, improve access to mental health care, and strengthen local resilience. Families are paired with a trained and trusted CMHW—someone from their own community—who works alongside them to identify needs, including trauma-related support, and connect them to appropriate resources.

HUNGER RELIEF PROGRAMS

Food insecurity is a major risk factor linked to poor academic performance in children. When families struggle to access nutritious food, children's ability to learn, concentrate, and thrive in school is significantly affected. CSC Broward-funded hunger relief programs help address this challenge by providing essential food support to children and families in need. These programs not only reduce poverty but also create pathways to better long-term health, educational success, and overall well-being.

Safe Sleep provides education key to promoting caregiving practices that ensure infants' well-being. Families receiving a crib are educated by partnering case managers who provide the education in the clients' homes. The Model Behavior component of the Safe Sleep Program educates hospital nurses and other staff on the behaviors they should be modeling while the parents are in the hospital, prior to discharge. By mapping which communities in Broward experience the highest numbers of SUIDs, we can prioritize outreach to the community sites that exist in those neighborhoods.

Speak Life End Bullying for Schools is an evidence-based intervention designed to function as both a universal prevention model and an indicated support strategy. All students participate in the shared experience of the Event Day, which creates a foundation for empathy, awareness, and behavior change. However, through live facilitation, student disclosures, and follow-up tools, including the Student Locker Portal and parent engagement materials, the program also serves students and families already impacted by bullying, isolation, or emotional distress.

PROMISE NEIGHBORHOODS

Florida Atlantic University (FAU), in collaboration with CSC Broward, Broward College, Broward County Public Schools, the Community Foundation of Broward, a diverse group of community-based subcontractors, and A Little Help Never Hurts, has joined forces to co-lead the Broward Promise Neighborhood (PN) grant.

Together with residents from the neighborhoods served by the grant, this partnership is implementing a comprehensive, two-generational, community-centered pipeline model designed to meet the original Broward PN objectives. The initiative is strengthened by place-based community governance structures, which enhance coordination and sustainability across the continuum of care.

The interconnected pipeline focuses on five key areas:

1. Early Care and Education / Kindergarten Readiness
2. K-12 Academic Success
3. High School to Postsecondary Transition and Completion
4. 21st Century Workforce Development and Talent Preparation
5. Mobilizing the Broward UP Community within Promise Neighborhoods

This collaborative approach ensures that children, youth, and families receive the support they need at every stage of development, while empowering communities to lead and sustain long-term change.

Estimados padres, tutores y familias:

¡Bienvenidos a las Escuelas Públicas del Condado de Broward (BCPS), un sistema escolar con calificación A! Nos alegra trabajar junto a ustedes en la educación de sus hijos y nos comprometemos a brindar oportunidades de aprendizaje de clase mundial en entornos seguros, de apoyo y participativos.

Esta guía es un recurso valioso para ayudarles a comprender y navegar nuestro Distrito y explorar los muchos recursos disponibles para apoyar a sus hijos e hijas a alcanzar su máximo potencial.

*Dr. Howard Hepburn
Superintendente escolar*

Desde el prekínder hasta el 12o grado, BCPS ofrece programas educativos rigurosos diseñados para satisfacer las necesidades únicas de cada estudiante. En 2026, fuimos nombrados Distrito Cambridge del Año en la categoría de grandes distritos escolares, en reconocimiento a nuestro compromiso con la ampliación del acceso a los rigurosos programas del Certificado Internacional de Educación Avanzada de Cambridge (AICE).

También estamos orgullosos de los programas Magnet de nuestro Distrito reconocidos a nivel nacional, los cursos de Colocación Avanzada (AP), los programas de superdotados y honores, los caminos de educación profesional y técnica, y los acuerdos de inscripción dual con universidades y colleges locales. En conjunto, estos programas proporcionan a los estudiantes opciones que se alinean con sus intereses y aspiraciones.

Además del alto nivel académico, nuestras escuelas ofrecen una propuesta educativa enriquecedora y completa. Cada escuela imparte cursos, currículos y actividades de informática interesantes para preparar a los estudiantes en la era digital. También estamos ampliando el uso de tecnologías innovadoras, incluyendo la inteligencia artificial, para apoyar el aprendizaje personalizado y dar a los maestros nuevas herramientas para mejorar la instrucción.

Nos llena de orgullo ofrecer el mayor debate de la nación y los programas JROTC para fomentar el pensamiento crítico y las habilidades de liderazgo. Nuestros programas galardonados de artes y deportes abren valiosas oportunidades para la creatividad, la colaboración y el crecimiento personal. Nuestras escuelas secundarias obtienen consistentemente el reconocimiento nacional de U.S. News & World Report, y nuestras tres universidades técnicas, que se encuentran entre las más grandes del estado, reflejan nuestro firme compromiso con el aprendizaje continuo.

Como Superintendente, me comprometo firmemente a poner a los estudiantes en primer lugar. Mi enfoque es apoyar estrategias de enseñanza innovadoras y desarrollar iniciativas de aprendizaje participativo con el fin de preparar a nuestros estudiantes para el éxito en la escuela y la vida. En el centro de este trabajo se encuentran: educadores, administradores, socios, voluntarios y familias increíbles de nuestro Distrito, todos dedicados a apoyar el éxito estudiantil.

Los animamos a experimentar nuestras escuelas de primera mano. Para programar un recorrido por cualquiera de nuestros planteles, visiten browardschools.com/choosebcps.

Es nuestro deseo apoyar a sus hijos e hijas en su trayectoria educativa.

Atención Socios Comunitarios ¡Los necesitamos!

Las Escuelas Públicas del Condado de Broward (BCPS, por sus siglas en inglés) establecen un puente entre el poder de la comunidad y la promesa educativa. BCPS es un vínculo vital entre las escuelas y los socios comunitarios que se dedica a construir colaboraciones significativas para mejorar el éxito estudiantil, impulsar la innovación y fortalecer la participación pública.

Colaborando con las empresas, organizaciones cívicas y organizaciones sin fines de lucro, BCPS cultiva relaciones que enriquecen el aprendizaje estudiantil y mejoran la cultura escolar. Iniciativas clave como Partners in Education y el Programa de Exámenes del Superintendente crean alianzas significativas que se alinean con los objetivos académicos, amplían las oportunidades y elevan las experiencias de los estudiantes.

BCPS pone de manifiesto el impacto de las asociaciones estratégicas en la transformación de los entornos de aprendizaje y el fomento del liderazgo, desde la preparación profesional y el voluntariado hasta la coordinación de programas emblemáticos como el Duelo Escolar, los Premios Caliber, los Premios de Participación Comunitaria y los Foros de Matchmaker. Mediante el compromiso mutuo y los objetivos compartidos, BCPS está dando forma a un sistema de apoyo más fuerte y conectado a estudiantes, familias y educadores.

Para más información visiten: browardschools.com/getinvolved.

BCPS ayuda a las familias a minimizar el impacto de la inseguridad de la vivienda y los procesos de transición de niños en edad escolar por medio de HEART, el Equipo de Recursos de Ayuda para la Educación de Estudiantes Sin Hogar.

HEART trabaja de cerca con los estudiantes para garantizar que tengan las herramientas necesarias para inscribirse, asistir y alcanzar el éxito escolar, independientemente de su estatus de vivienda.

- ¿Tienen usted y su familia un lugar permanente al que llaman hogar?
- ¿Se ha visto forzado, usted o alguien que conoce, a mudarse con niños en edad escolar?
- ¿Están alojados con amigos y parientes, o viven en un motel o automóvil debido a la pérdida de la vivienda o inestabilidad económica?

Si alguna de estas situaciones aplica a su caso, HEART puede ayudar a su estudiante a mantener la estabilidad académica y el acceso a la educación, incluso en entornos transitorios. Con el apoyo de HEART, los estudiantes que enfrentan la inestabilidad de vivienda pueden seguir progresando en la escuela. Para más información, visite browardschools.com/heart o llámenos al 754-321-1566.

Prezados Pais, Responsáveis e Famílias,

Bem-vindos às Escolas Públicas do Condado de Broward (BCPS), um sistema escolar de nota A! É um privilégio ser seu parceiro na educação dos seus filhos. Estamos comprometidos em proporcionar oportunidades de aprendizado de excelência, em ambientes seguros, acolhedores e inspiradores.

Este guia foi desenvolvido para ser um recurso útil, ajudando você a conhecer melhor nosso Distrito e a explorar as diversas oportunidades disponíveis para que seu filho(a) possa alcançar todo o seu potencial.

Da pré-escola ao ensino médio, o BCPS oferece programas educacionais desafiadores, desenvolvidos para atender às necessidades específicas de cada estudante. Em 2026, fomos reconhecidos como Distrito do Ano do Cambridge na categoria de grandes redes escolares, em reconhecimento ao nosso compromisso com a ampliação do acesso a programas rigorosos do Cambridge Advanced International Certificate of Education (AICE).

Também nos orgulhamos dos programas magnet de nossa rede, reconhecidos nacionalmente, dos cursos de Advanced Placement (AP), dos programas para estudantes superdotados e de alto desempenho, das trajetórias de educação técnica e profissional, e das parcerias de dupla matrícula (dual enrollment) com faculdades e universidades locais. Juntos, esses programas oferecem aos estudantes opções que se alinham aos seus interesses e aspirações.

Além de uma base acadêmica sólida, nossas escolas proporcionam uma experiência educacional rica e completa. Todas as escolas integram cursos, currículo e atividades envolventes de ciência da computação, preparando os estudantes para a era digital. Também estamos ampliando o uso de tecnologias inovadoras, incluindo a inteligência artificial, para apoiar a aprendizagem personalizada e oferecer aos professores novas ferramentas que aprimoram o ensino.

Temos orgulho de oferecer os maiores programas do país de debate e JROTC, promovendo o desenvolvimento do pensamento crítico e das habilidades de liderança. Nossos programas premiados de artes e esportes oferecem oportunidades para o desenvolvimento da criatividade, da colaboração e do crescimento pessoal. Nossas escolas de ensino médio são constantemente reconhecidas em nível nacional pela U.S. News & World Report, e nossas três faculdades técnicas, entre as maiores do estado, demonstram nosso compromisso com a aprendizagem ao longo da vida.

Como Superintendente, mantenho um compromisso firme de colocar os estudantes em primeiro lugar. Meu foco é apoiar estratégias de ensino inovadoras e fortalecer iniciativas de aprendizagem que preparem nossos estudantes para o sucesso na escola e na vida. No centro desse trabalho estão os incríveis educadores, administradores, parceiros, voluntários e famílias de nossa rede, todos dedicados a apoiar o sucesso dos estudantes.

Convidamos você a conhecer nossas escolas de perto. Para agendar uma visita a qualquer uma de nossas escolas, acesse browardschools.com/choosebcps.

A BCPS ajuda famílias a minimizar o impacto da insegurança e da transição de moradia nas crianças em idade escolar por meio do programa HEART, Homeless Education Assistance Resource Team (Equipe de Apoio à Educação de Estudantes em Situação de Desabrigo).

O programa HEART trabalha de perto com os estudantes para garantir que eles tenham as ferramentas necessárias para se matricular, frequentar e ter êxito na escola, independentemente de sua situação de moradia.

- Você e sua família têm um lugar permanente para chamar de lar?
- Você, ou alguém que você conhece com filhos em idade escolar, precisou se mudar de forma involuntária?
- Vocês estão morando com amigos ou parentes, ou vivendo em um motel ou veículo devido à perda de moradia e/ou dificuldades financeiras?

Se alguma dessas situações se aplica a você, o HEART pode ajudar seus filhos a manter a estabilidade acadêmica e o acesso à educação, mesmo em situações temporárias. Com o apoio do HEART, estudantes que enfrentam instabilidade habitacional podem continuar a ter sucesso na escola. Para mais informações, acesse browardschools.com/heart ou ligue para 754-321-1566.
