MISSION

To provide the leadership, advocacy and resources necessary to enhance children's lives and empower them to become responsible, productive adults through collaborative planning and funding of a continuum of care.

VISION

The children of Broward County shall have the opportunity to realize their full potential, their hopes and their dreams, supported by a nurturing family and community.

- a) Broward AWARE 35
- b) Campaign for Grade Level Reading 35

FAMILY SUPPORTS

Family Support Programs provide county-wide support to Broward families at risk for child abuse, neglect, out-of-home placement, or crisis. These programs use trauma-informed approaches to help families build resilience, improve parenting skills, and stay safely together.

Services are available to all families living in Broward County, including those in kinship or non-relative care. Families can be referred to by agencies such as BSO CPIS, Family Court, Broward Schools, Early Learning Coalition, other community organizations, or through self-referral.

PROGRAM GOALS:

- **Prevent child abuse and neglect.**
- **Reduce family separation and out-of-home placements.**
- **Support foster care and promote adoption.**
- **Strengthen family functioning through proven, supportive strategies.**

a FAMILY STRENGTHENING

Family Strengthening Programs offer in-home and group-based support using proven parenting education curricula to help families build stronger relationships, improve communication, and create safe, nurturing environments for children.

Therapeutic Services, a higher-intensity initiative within Family Strengthening, provides voluntary in-home and community-based support to families at risk of child maltreatment. These services are grounded in trauma-informed practices and focus on building resilience in children and caregivers while addressing family challenges before they escalate.

b FOSTER CARE AND ADOPTION

Foster Care & Adoption services use broadcast media to help children and teens in foster care find permanent, loving homes. By sharing their stories on television throughout Broward County and across Florida, the program raises awareness and encourages community involvement.

In addition to media outreach, CSC Broward supports innovative programs that promote adoption and enrich the lives of foster children. These efforts focus on connecting youth with nurturing families and providing emotional and developmental support to help every child thrive in a safe, stable environment.

c INTENSIVE IN-HOME SERVICES

The HOMEBUILDERS® program is an intensive, evidence-based service designed to prevent children from being unnecessarily removed from their homes. It provides short-term, in-home support to families in crisis, teaching practical skills to improve family functioning and resolve issues that put children at risk.

Referrals to this program are made exclusively by the Broward Sheriff's Office Child Protective Investigations Section (BSO CPIS) for families with one or more children at immediate risk of out-of-home placement.

As part of a step-down approach, families who complete the HOMEBUILDERS® program and wish to continue receiving support may be referred to another CSC Broward Family Strengthening program for ongoing services.

CPIS Referrals only.

d KINSHIP

Kinship Programs support families where children are being raised by relatives or close family friends because their biological parents are unable to care for them. These programs help maintain stable, loving homes and prevent children from entering foster care or institutional settings.

Services are available to both kinship caregivers and children from birth through age 17, and up to age 21 for youth with special physical, developmental, or behavioral needs. Caregivers may be relatives or non-relatives who have a strong, trusted bond with the child.

e MOMS

The Supporting MOMS Program provides in-home and group-based services to help mothers in Broward County who are experiencing prenatal or postpartum emotional distress, such as depression or anxiety. These challenges can significantly impact both the mother and child, making early support essential.

Who the Program Serves:

- Pregnant women or mothers with children under one year old.
- Families experiencing maternal emotional distress.
- Infants and young children, including those with special developmental needs.

EARLY CHILDHOOD PROGRAMS

Early Childhood Programs provide children with a strong foundation for lifelong learning and success. These high-quality, affordable programs support early learning, social development, and emotional well-being in safe and nurturing environments where children can thrive. Parents gain peace of mind knowing their children are engaged in enriching experiences that promote growth and readiness for school.

Through targeted support in reading and math, these programs help children build essential academic skills while fostering curiosity, confidence, and positive peer interactions. By investing in early childhood education, families and communities empower children to reach their full potential.

a CHILDCARE SERVICES

This program provides affordable, high-quality childcare for low-income families living in Broward County, based on income eligibility. Its primary goals are to:

- Prevent child abuse and neglect
- Support families in becoming or remaining economically self-sufficient
- Prepare preschool-aged children to enter school ready to learn

Children from birth to age 5 in exceptionally vulnerable families receive quick access to subsidized childcare to help stabilize challenging family situations. By offering safe, nurturing environments for early learning, the program promotes healthy development and sets children on a path toward long-term success.

Early Learning Coalition of Broward County
ELCBroward.org

954-377-2188

County-wide services.

b EARLY LITERACY INTERVENTIONS

These programs help young children build essential academic skills through targeted reading and math support while encouraging curiosity, confidence, and positive social interactions. As part of this effort, trained Florida Reading Corps tutors work in PreK classrooms at underperforming schools across Broward County. All students are screened to identify those who may be behind in early literacy. Tutors then develop individualized intervention plans to meet each child's specific needs, ensuring they receive the support necessary to succeed in school.

c KIDVISION/WPBT

KidVision VPK, created by WPBT, helps teachers bring Florida's Voluntary Prekindergarten (VPK) Education Standards to life through fun and educational virtual field trips. These web-based experiences are designed to engage both children and adults, making learning interactive and enjoyable.

Teachers use KidVision to:

- Learn the VPK standards
- Integrate virtual field trips into classroom lessons
- Access ready-to-use lesson plans and student assessment tools

The goal is to ensure adults understand what children need to learn to be ready for kindergarten and beyond.

AFTERSCHOOL & SUMMER CAMPS FOR ELEMENTARY SCHOOL-AGE CHILDREN

Maximizing Out-of-School Time (MOST)

MOST Afterschool and Summer programs provide safe, positive environments for children and youth in Broward County. MOST Inclusion programs serve elementary school-aged children in economically disadvantaged areas, while MOST Special Needs programs serve children and youth ages 3 to 22 with behavioral health and other special needs.

a AFTERSCHOOL AND SUMMER CAMPS

Programs create welcoming environments where children of all abilities can learn, play, and grow together. These programs promote acceptance, diversity, and equal access to educational and recreational opportunities, ensuring every child feels valued and supported. For school-based programs, children must attend or reside in the attendance boundary of the school of choice. For summer camps and community sites, programs are open to children county-wide.

TEEN PROGRAMS

Those who participate in engaging, positive youth development programs are more likely to experience positive outcomes. These programs help young people build confidence, develop life skills, and believe in a hopeful future, while reducing the impact of negative influences. A key factor in this success is the presence of a caring, consistent adult who provides guidance, encouragement, and emotional support. This trusted relationship can make a lasting difference in a youth's ability to thrive.

a CAREER EXPLORATION & YOUTH EMPLOYMENT PROGRAMS (YEP)

The Youth Employment Program provides paid work experience at the museum for youth ages 16-18 during after-school hours, weekends, and summer for youth across the county. The program equips participants with essential employability skills through hands-on training and real-world experiences in aviation and environmental sustainability, and real-world job placements in government, nonprofit, and private sector organizations.

b HEALTHY YOUTH TRANSITIONS (HYT)

HYT provides county-wide life coaching and counseling services to help young people successfully transition into adulthood. Using the Transition to Independence Process (TIP) model, these CSC Broward-funded programs focus on building life skills, academic achievement, and employability.

In partnership with The Jim Moran Foundation, HYT supports:

- Youth aging out of formal or informal foster care.
- Youth involved in the juvenile justice system.
- High school-aged youth at high risk of not graduating or who are not in school or working.

HYT offers hands-on activities that address the social, emotional, and behavioral needs of youth, while connecting them to vital community resources. The goal is to empower young people to become healthy, independent adults.

d NEW DIVERSION ALTERNATIVES FOR YOUTH (NEW DAY)

New DAY programs provide structured support to divert low-risk juvenile offenders from the delinquency system and reduce repeat offenses. These county-wide programs offer a holistic approach that includes:

- Family support services
- Counseling
- Youth development activities
- Community service and restitution

Programs use highly structured civil citation and diversion alternatives to protect public safety and promote positive youth outcomes.

Referral Sources:
- Juvenile Division of the State Attorney's Office (Circuit 17) for general program referrals
- Office of Justice Services – Juvenile Civil Citation for civil citation cases
- School Board of Broward County for IMPAC youth referrals

f YOUTH ADVOCACY

CSC Broward funds Florida Youth SHINE, a youth-led advocacy program that amplifies the voices of Broward's children and families at the local, state, and national levels. In partnership with government committees and legislative sessions, the program works to influence policies that impact youth and families.

Florida Youth SHINE supports youth advocates from Broward County—especially those who have experienced foster care, juvenile justice involvement, or disconnection from traditional systems. The Broward chapter provides these youth with advocacy training, leadership development, and a supervised trip to the Florida Capitol in Tallahassee to engage directly with lawmakers.

This initiative empowers young people to become informed advocates and helps advance a children's policy agenda statewide and nationally.

g YOUTH FORCE

Youth FORCE provides year-round, out-of-school-time programming for middle school students in Broward County, focusing on personal growth, academic success, and community engagement. These programs offer a wide range of supports, including:

- Case management
- Academic support and tutoring
- Cultural enrichment activities
- Informal counseling
- Community service-learning projects

Youth FORCE programs are designed to help students build confidence, stay engaged in school, and develop the skills needed for a successful future.

MENTAL HEALTH SERVICES

Mental health encompasses emotional, psychological, and social well-being. It affects how we think, feel, and act, and influences how we handle stress, relate to others, and make choices.

a HEALING AND EMPOWERING ALL LIVING WITH TRAUMA (HEAL)

HEAL provides trauma-informed services to underserved and disenfranchised populations in Northeast, Central East, and Southeast Broward County.

Programs use the Community Mental Health Worker (CMHW) model to engage and empower communities, improve access to mental health care, and strengthen local resilience. Families are paired with a trained and trusted CMHW—someone from their own community—who works alongside them to identify needs, including trauma-related support, and connect them to appropriate resources.

b MENTAL HEALTH COMMUNITY INITIATIVES

CSC Broward funds several trauma-informed and community-centered mental health initiatives across Broward County to support individuals and families impacted by tragedy and behavioral health challenges.

Broward Behavioral Health Coalition (BBHC) offers this program to serve clients countywide. To aid in the recovery of those affected by community-wide trauma and personal tragedies, BBHC has partnered with local mental health agencies to deliver in-home, trauma-specific therapy provided by trained clinicians. These services are designed to meet individuals where they are—literally and emotionally—ensuring accessible and compassionate care.

Eagles' Haven Community Wellness Center was created specifically for the Marjory Stoneman Douglas (MSD)/Eagles community. Eagles' Haven is a dedicated wellness space for current, former, and future students, parents, family members, and faculty. Open 7 days a week and free of charge, the center offers a nurturing environment where individuals can drop in or call for support. Eagles' Haven is a model of responsive care, designed mindfully to meet the unique needs of a community healing from trauma.

PROSPERITY PROGRAMS

Family economic hardship is one of the leading risk factors for poor academic outcomes in children. CSC Broward-funded prosperity programs aim to break the cycle of poverty by providing families with resources and opportunities that support financial stability. These programs help improve long-term health, educational success, and overall well-being, creating a stronger foundation for children to thrive.

a EARNED INCOME TAX CREDIT

The Earned Income Tax Credit (EITC) is a federal initiative designed to provide financial relief to working families and reduce poverty.

To make filing easier and more accessible, the program offers EITC recipients the option to file their tax returns either in person at dedicated Volunteer Income Tax Assistance (VITA) sites or online, giving families flexibility based on their needs. A free VITA hotline is also available to answer general questions and provide guidance.

For those interested in giving back, volunteer opportunities are available through HandsOn South Florida, where individuals can become IRS-certified volunteer tax preparers and support their community during tax season.

HUNGER RELIEF PROGRAMS

Food insecurity is a major risk factor linked to poor academic performance in children. When families struggle to access nutritious food, children's ability to learn, concentrate, and thrive in school is significantly affected. CSC Broward-funded hunger relief programs help address this challenge by providing essential food support to children and families in need. These programs not only reduce poverty but also create pathways to better long-term health, educational success, and overall well-being.

HEALTH & SAFETY INITIATIVES

CSC Broward funds programs and initiatives that help keep children safe and healthy in the places where they live, play, and learn. When children grow up in safe, supportive environments, they are more likely to become responsible, productive adults.

CSC Broward promotes access to essential health and safety resources, including:

- Health insurance for children
- School health nurses
- Water safety initiatives to prevent drowning
- Violence prevention programming

These efforts work together to protect children's well-being and support their healthy development.

a DROWNING PREVENTION

Broward County's SWIM Central partners with Broward County Public Schools and licensed childcare centers to deliver comprehensive drowning prevention education.

Instructional Coupons: Funded by CSC Broward, coupons are available for free or low-cost swim instruction for children ages 6 months to 8 years. Parents or caregivers who redeem a child's coupon are also eligible for an adult swim instruction coupon.

Safe Sleep provides education key to promoting caregiving practices that ensure infants' well-being. Families receiving a crib are educated by partnering case managers who provide the education in the clients' homes. The Model Behavior component of the Safe Sleep Program educates hospital nurses and other staff on the behaviors they should be modeling while the parents are in the hospital, prior to discharge. By mapping which communities in Broward experience the highest numbers of SUIDs, we can prioritize outreach to the community sites that exist in those neighborhoods.

c INCLUSION

The Inclusion Program promotes full participation of children with disabilities in out-of-school time programs by building provider capacity and fostering inclusive practices.

An Inclusion Specialist partners with MOST and PYD program sites to ensure staff have the tools, training and support to create welcoming, developmentally appropriate environments for all children.

The program's goal is to embed sustainable, inclusive practices across Broward County's youth-serving organizations.

Speak Life End Bullying for Schools is an evidence-based intervention designed to function as both a universal prevention model and an indicated support strategy. All students participate in the shared experience of the Event Day, which creates a foundation for empathy, awareness, and behavior change. However, through live facilitation, student disclosures, and follow-up tools, including the Student Locker Portal and parent engagement materials, the program also serves students and families already impacted by bullying, isolation, or emotional distress.

HOTLINES

CSC Broward funds a wide range of support services to ensure children and families have access to the help they need when they need it most. These services include hotlines that provide immediate assistance, guidance, and referrals for families facing crises or seeking information. These hotlines are staffed by trained professionals who offer compassionate support on issues ranging from mental health and behavioral concerns to housing and basic needs.

a LEGAL SUPPORTS AND LEGAL HELPLINE

This program provides legal advocacy services to low-income youth up to age 18 who are involved in both the dependency (child welfare) and delinquency (juvenile justice) systems. It also supports youth who are currently in either system or are at risk of becoming dually involved.

By offering specialized legal support, the program helps ensure that these vulnerable youth receive coordinated care, protection of their rights, and access to services that promote stability and long-term well-being.

PROMISE NEIGHBORHOODS

Florida Atlantic University (FAU), in collaboration with CSC Broward, Broward College, Broward County Public Schools, the Community Foundation of Broward, a diverse group of community-based subcontractors, and A Little Help Never Hurts, has joined forces to co-lead the Broward Promise Neighborhood (PN) grant.

Together with residents from the neighborhoods served by the grant, this partnership is implementing a comprehensive, two-generational, community-centered pipeline model designed to meet the original Broward PN objectives. The initiative is strengthened by place-based community governance structures, which enhance coordination and sustainability across the continuum of care.

The interconnected pipeline focuses on five key areas:

1. Early Care and Education / Kindergarten Readiness
2. K-12 Academic Success
3. High School to Postsecondary Transition and Completion
4. 21st Century Workforce Development and Talent Preparation
5. Mobilizing the Broward UP Community within Promise Neighborhoods

This collaborative approach ensures that children, youth, and families receive the support they need at every stage of development, while empowering communities to lead and sustain long-term change.

CAPACITY BUILDING

The Children's Services Council is committed to collaboratively assisting emerging and community-based organizations that provide services for children and families to meet their full potential. To this end, the council offers professional and board development opportunities, as well as funding through mini-grants and volunteer recruitment, to positively impact these organizations' organizational capacity.

a CAPACITY BUILDING GRANT AND SUPPORT

We support local nonprofit organizations that serve children and families by offering annual Capacity Building Grants. Through a competitive selection process, these organizations receive funding for projects, professional business coaching, and consulting services to strengthen their infrastructure.

c VOLUNTEER SERVICES

HandsOn South Florida is a vital part of Broward County's human services system. HandsOn South Florida plays a key role in strengthening community infrastructure by:

- Recruiting volunteers year-round.
- Empowering youth through programs that promote leadership and civic engagement.
- Serving as a hub for high school students seeking community service hours.
- Supporting nonprofit agencies by helping them recruit volunteers to enhance service delivery.
- Advancing literacy efforts by acting as the volunteer hub for initiatives like the Campaign for Grade-Level Reading and Broward: Read for the Record, providing tutors, mentors, and coaches.

b CAMPAIGN FOR GRADE LEVEL READING

CSC Broward leads Broward's Campaign for Grade-Level Reading (CGLR), a national initiative to help children read proficiently by the end of third grade, a key milestone for future academic success.

CGLR brings together nonprofits, businesses, government, and communities to remove barriers, expand opportunities, and support parents in helping children thrive. Research shows that reading at grade level by third grade is essential for transitioning from "learning to read" to "reading to learn."
