I Want to Fly in Space

When I grow up I want to fly in space. I have my plan all worked out. First I will go to college and then I am going to learn how to fly planes. I will fly very fast planes that can go faster than the speed of sound. When I can fly planes very well, I will learn how to fly space ships.	15
I will get to wear a silvery space suit and live inside a space ship. I will be inside the space ship when we blast into space.	29
When I am up in space, I will watch the sun and moon come up every day. I will be so close to the stars that I can count them.	43
Maybe I will see other space ships and wave as they go by. I will float around whenever I want. It will be just like flying.	57
I will get to put on my space suit and walk in space. When I look down I will see the green and blue earth far below. I might even be able to see where I live. I will be on TV to describe what I see. The whole world will be watching and listening to me.	64
When we get to the moon, I will walk all across the surface. It will be dusty and crunchy. I will pick up samples of moon rocks to bring back. I want to drive all over the moon in a little moon buggy. I will plant the flag on the moon. I might even see some little green aliens running around. I can't wait to fly in space.	78
